## **So-Young Announces Plan to Implement ADS Ratio Change**

BEIJING, May 30, 2025 /PRNewswire/ -- So-Young International Inc. (Nasdaq: SY) ("So-Young" or the "Company"), the leading aesthetic treatment platform in China connecting consumers with online services and offline treatments, today announced that the Company plans to change the ratio of the American depository shares ("ADSs") to its Class A ordinary shares from thirteen (13) ADSs representing ten (10) Class A ordinary shares to one (1) ADS representing fifteen (15) Class A ordinary shares.

For the Company's ADS holders, the change in the ADS ratio will result in an effect equivalent to a proportional reverse ADS split. There will be no change to the Company's Class A ordinary shares. The effect of the ratio change on the ADS trading price on Nasdaq is expected to take place at the open of trading on June 30, 2025 (U.S. Eastern Time). ADS holders of record on the effective date will not be required to take any action in connection with the ADS ratio change. The exchange of then-held (old) ADSs for new ADS will occur automatically with the then-held ADSs being cancelled and new ADSs being issued by the depository bank, in each case as of the effective date for the ADS ratio change. The ADSs will continue to be traded on Nasdaq under the symbol "SY."

No fractional new ADSs will be issued in connection with the change in the ADS ratio. Instead, fractional entitlements to new ADSs will be aggregated and sold by the depository bank and the net cash proceeds from the sale of the fractional ADS entitlements (after deduction of fees, taxes and expenses) will be distributed to the applicable ADS holders by the depository bank.

As a result of the change in the ADS ratio, the ADS price is expected to increase proportionally, although the Company can give no assurance that the ADS price after the change in the ADS ratio will be equal to or greater than a proportional price based on ADS price before the change.
